SUMMARY

Highly collaborative and multicultural software engineer committed to continuous learning, adaptability to emerging technologies, and leveraging diverse experiences to achieve success.

PROJECT EXPERIENCE

General Assembly Immersive Program

Full Stack Music Player App

April 2023

- Collaborated with a team of 3 to develop full-stack app using PostgreSQL, Heroku deployment, and Agile workflows for efficient remote task management.

World Cup 2026 Host Cities

April 2023

- Developed full-stack CRUD app using JavaScript, Express, MongoDB, and CSS. Built a JSON API with 1000+ lines data on host cities information.

Bug Busters, News Search App

March 2023

- Developed dynamic news search app with HTML, CSS, JavaScript (jQuery), and Bing News API, optimized search functionality with AJAX for real-time updates.

Networking Tracker App

May 2023

- Created a MERN full stack app for contact management and networking tracking, with a seamless UI/UX using SASS, and streamlined development workflow with Vite.

PROFESSIONAL EXPERIENCE

Professional Photographer

New Jersey - Mar 2019 - Dec 2022

Juliana Martinez Photography

Achieved business success through targeted ads, and strategic networking, serving 75+ clients in the first year and generating 50% revenue from referrals. Ensured 100% customer satisfaction by enhancing 500+ client images using advanced editing techniques, resulting in a 25% faster process.
