PROFESSIONAL SUMMARY

Self-driven software engineer with experience in JavaScript and exposure to Python. Proficient in SQL, Agile methodologies, RESTful APIs, and database management. Collaborated on full-stack applications with Django and React.js. Passionate about innovative solutions and seeking an opportunity to apply technical skills in a dynamic team environment.

SKILLS

- JavaScript (AJAX, JSON, Node.js), Python, SQL, HTML5, CSS
- Django, React.js, PostgreSQL, MongoDB, GIT, RESTful APIs, Agile

PROJECT EXPERIENCE

General Assembly, Software Engineer Immersive Program

Choruso Music Player App

April 2023

- Collaborated with a team of 3 to develop a full-stack Django music player app, utilizing PostgreSQL for data storage, secure user authentication with Django, and deploying on Heroku for accessibility.
- Implemented Agile methodologies, overcoming remote task management challenges, ensuring transparency and meeting deadlines.
- Resolved deployment issues, conducted thorough code reviews, and actively sought assistance for a successful app launch.

General Assembly, Software Engineer Immersive Program

World Cup 2026 Host Cities

April 2023

- Developed full-stack CRUD app for World Cup 2026 Host Cities using JavaScript, Express/Node.js, MongoDB, and CSS for seamless user experience.
- Implemented Bcrypt authentication for data security and deployed website on Heroku for accessibility and increased traffic.
- Created robust JSON data connected to MongoDB schema as direct API with 1000+ lines, providing valuable information on host cities, must-see places, weather, and stay planning for World Cup 2026 success.

General Assembly, Software Engineer Immersive Program

Bug Busters, News Search App

March 2023

- Designed and developed a dynamic news search web application by utilizing HTML, CSS, JavaScript (jQuery), and the Bing News API provided by Microsoft.
- Implemented a flexible article search feature that allowed users to filter their search results based on keywords, publication date, source domain, and language.
- Utilized AJAX for real-time updates and optimized the search functionality for a better user experience.

PROFESSIONAL EXPERIENCE

Professional Photographer

New Jersey

Juliana Martinez Photography

March 2019 - December 2022

- Launched and managed freelance photography business. Built client and industry relationships, generating 50% of revenue through referrals.
- Enhanced and retouched 500+ images using advanced Lightroom and Photoshop techniques, achieving 98% customer satisfaction. Created custom presets/templates, reducing editing time by 25%.

Escola Canto dos Pássaros

Cabo Frio, RJ, Brazil

School Psychologist

January 2016 - January 2017

- Implemented "The Leader in Me" program, empowering 360+ students with leadership skills and community responsibility by developing comprehensive class plans, collaborating with teachers, and aligning weekly subjects to integrate program strategies.
- Led projects to enhance parental involvement and conducted informative meetings with 50+ parents, resulting in increased participation and positive partnerships. Produced comprehensive reports for informed decision-making and continuous improvement.
